Emergency Evacuation Procedure

The Fire Alarm is signalled by the continuous ringing of the fire alarm bells.

If you discover a fire, press the nearest fire alarm button and tell a member of staff. The school will be evacuated and you must evacuate too.

The visitors’ fire assembly point is: THE SCHOOL FIELD

No-one may re-enter the building(s) once the alarm sounds until the all-clear is given.

Lockdown Procedure

ALARM — six long rings of the bell

The emergency lockdown is used when it is necessary to restrict movement around the school site.

On hearing the alarm — six long rings of the bell — visitors and contractors should proceed to the nearest office or teacher supervised classroom as quickly as possible. School staff will check their e-mail for further information and instructions.

Visitors are politely requested to refrain from using any mobile or internet device during a lockdown until told by a member of staff that it is permissible to do so.

When it is safe to do so, the ‘all clear’ signal will be sounded. This will be three rings of the bell. An e-mail will then be sent to staff with further instructions.
