

Year 9 German Trip To Aachen and Cologne

28 November—1 December 2025

30 Y9 Students visited Aachen and Cologne over 4 days from 28th November – 1st December. Students had a full programme including a visit to the World Heritage Site of Cologne Cathedral, the chocolate museum, a museum about National Socialism. Students did a performance of the poem Die Heinzelmännchen von Köln in front of the fountain dedicated to this famous poem. The group also visited Aachen and throughout the trip had plenty of time to speak German, drink heiße Schokolade and visit the Christmas markets. On the return journey, the group experienced visiting 3 countries (almost) at the same time, when they visited the Dreiländereck in Aachen. Can you work out from the photos which three countries it was?
