

Years 11 & 13 Art and German Trip To Berlin

7—10 November 2025

Following a successful German and Art trip to Berlin in 2015, the two departments were delighted to collaborate again to run a trip for Y11 and Y13 students of German and Art in November. Students visited major sites in Berlin. One of the visits during the trip was to the Käthe Kollwitz Gallery where pupils reflected on how the artist Käthe Kollwitz depicted suffering and loss. We also arranged for some of the German-speaking pupils on the trip to engage in a discussion (mainly in German) with contacts in Berlin about their and their relatives' own experiences of German history. Pupils concluded the trip by presenting an artistic response to their visit. The presentations demonstrated how well pupils had understood key themes presented to them in Berlin including division and unity.
