

Model United Nations

Attending the inaugural London Youth Model United Nations (YouthMUN) from 14th to 16th March, at the London School of Economics & Political Science was an exhilarating experience for our delegation. The conference theme of, 'Unity in Diversity: Empowering Perspectives', set the stage for a weekend of insightful debates and cultural exchange among over 500 delegates.

Our team embraced various roles: our **Vice-Chair, Esha** participated in the Assistant Chair Programme, gaining hands-on experience by shadowing seasoned university-level chairs.

Two of our delegates, **Ashlee, Chair & Charlotte (12MHE)** tackled complex topics in advanced committees, engaging in rigorous debates that enhanced their understanding of international relations and diplomacy.

We all had a fantastic experience at the conference, and hope this can be a yearly event for the school's MUN Society.

Esha, 13JBD & Ashlee, 13IBO

A highlight for our delegation was **Sophie (12JMC)** earning the Research Award in the Arab League committee, recognising her exceptional preparation and analytical contributions to the discussions.
