

Year 12 Aspiring Lawyers Visit the ROYAL COURTS OF JUSTICE

I really enjoyed our visit to the Royal Courts of Justice as it gave me a much better understanding of how the legal system works. One of the most interesting parts of the day was taking part in a mock trial based on a case that had taken place in Brixton.

Everyone was assigned different roles, and I was a police witness. It was a great experience because it allowed me to see how a real court case is presented and how witnesses are questioned during a trial. During the visit, we also learned about the different types of courts in England and Wales, including the Magistrates' Court, Crown Court, County Court and High Court, and the kinds of cases each one deals with. This helped me understand how cases move through the court system and the different responsibilities of each court.

Overall, the visit was both educational and engaging. Taking part in the mock trial made the experience interactive and helped me develop my confidence in speaking in a courtroom setting. It also gave me a valuable insight into the legal profession and reinforced my interest in studying law in the future.

Rabia, Year 12
