

A small, vibrant yellow and black bird, likely a Great Tit, is perched on a dark brown branch. The bird has a black cap, a white breast, and a yellow belly. It is surrounded by numerous pink cherry blossoms in various stages of bloom, some fully open and some as buds. The background is a soft, out-of-focus light blue and green, suggesting a clear spring day. The overall scene is bright and cheerful, capturing the essence of spring.
