

Woodford County High School

Weekly Student Bulletin

Wednesday 11th May 2021

Issue No 12

Welcome to Bulletin No 12

The aim of this bulletin is to give you important information and reminders from your Heads of Year or other members of staff.

It will include information about events taking place at and around school that you can take part in.

Also there will be wellbeing and support advice as well as reminders about how to access support if you should need it.

Hopefully, as more editions are produced students will be able to have an input too.

VERY IMPORTANT: PLEASE CONTINUE TO REPORT YOUR LATERAL FLOW TEST RESULTS

[Click here to access information on Lateral Flow Testing including links to report results to the school and the NHS](#)

**Wishing a happy and peaceful Eid
to all who celebrate**

AFTER SCHOOL CLUBS

17th-28th May 2021

Open to Year 7 only.

Free taster sessions offered for a 2 week period.

Starting Monday 17th May till Friday 28th May.

Places are limited availability due to Covid safety procedures.

Activities are available to book on parentpay, from Tuesday 4th May, under the activity name.

No more than 1 activity can be booked per student.

First come first served basis.

****1space in self-defence left****

****1 space in Calligraphy left****

****1 space in Dance left****

Teaching pupils about staying safe online is a key priority at Woodford. Students need to be able to navigate the ever-growing online world in a safe and responsible manner and have the knowledge needed to make smart decisions.

Our year 7 pupils will be issued with a Google Build your legend 3D Robot Kit, w/c 24th May, this is a fun interactive activity you can carry out together as a family over the May half term.

To help you continue to learn at home, Google have created this fun challenge. You will need to use your online safety knowledge and work with your parents to build your own 3D Internet Legend Robot Trophy.

All you need to get started is a phone, tablet, or computer and the contents of the Kit.

How to instructions:

Scan the QR code on the Google tube using the device's camera or an app (***don't throw tube away you will need it!***) or on a desktop type ***g.co/BuildYourLegend*** into the search bar of your browser and press enter.

1. Take the kit out from the tube but do not separate the pieces
2. Start the online quiz
3. you answer questions correctly to unlock building instructions.
4. Follow the online instructions to fit the pieces together (video shows you how). You'll find piece numbers on the boards and the back of the letter in the tube. Complete the challenge and bring your Legend to life!
5. Once you have answered all the questions and built your 3D Robot Legend you can personalise your legend on-line (Change colours etc.) (you can personalise your 3D version too if you wish). Once you are happy and finished online your robot will be given its unique name, write it on the base of your trophy and keep it safe for more *Be Internet Legends fun in the future!*

We will be issuing a prize to the best six entries, if you would like to enter:

Take a photo of the online and 3D robot, rename your image to include your name and your Robot's name and upload to the One Drive folder (the name of the folder will be released once the kit has been issued).

Good luck and have fun!

Ms Del Giudice

Network Manager

Woodford County High School

Composition Club!

Dear Student,

During these remote times, the BBC have been very helpful in putting together some great resources for us all to continue to make music at home.

As part of this initiative, I would like to introduce you to the *brand new* **Woodford County High School Composition Club!**

To get started, simply:

1. Choose a composition style from the **BBC** link below and read through the instructions and tutorials: ***Including genres such as: Film music, Indian fusions, Pop, Jazz, composing a new theme song for Doctor Who...***
<https://www.bbc.co.uk/bitesize/topics/zhdfscw>
2. Join the **eduBandLab** link below to access the **WCHS Composition Club class** and free music sequencing software. (Remember to seek parental permission if visiting another site on the internet). <https://edu.bandlab.com/join/mc8q8sf> - then enter the following pin:
M C 8 Q 8 S F
3. [Join the WCHS Composition Club \(MS Teams\)](#) where you can interact with Mr. Ashman-Jones on your composition work.

Also, look out for 'Singing with the BBC Singers' being shared on the choir Teams with further details (link below).

Wellbeing Tips

EXAM/TEST ANXIETY

1. Be Prepared

Yes, this seems obvious, but it bears repeating. If you feel confident that you've prepped thoroughly, you'll feel more confident walking into the exam/test.

2. Get a good night's sleep.

Cramming is never the answer, and pulling an all-nighter can exacerbate your nerves. Having adequate rest (9–10 hours per night) is likely to be more beneficial than rereading a text until dawn.

3. Fuel up.

Eat a nutritious breakfast before the exam/test and pack smart snacks for ongoing energy. Look for foods that offer a steady stream of nutrients, rather than a sugar high followed by a crash.

4. Get to the room as early as you are allowed.

Feeling rushed will only amp up the anxiety. Pack everything you need for the exam the night before and set the alarm, so you can get out the door on time.

5. Have a positive mental attitude.

Bring a picture of your happy place or come up with a morale-boosting mantra like "I can do this" or "I worked hard and deserve this." Peek at your picture or recite your mantra, right before the exam/test begins.

6. Read carefully.

Read the directions thoroughly and read all answers before making a choice or starting the essay. There is nothing worse than putting time into a question and realising you are not solving it, or the essay is off target. Slowing down can help you stay focused.

7. Just start.

The blank page can maximise your anxiety. After you've read the directions, dive right in by making an outline for an essay answer. Or, find some questions you can ace to build up your confidence and momentum. You can always go back and change things later if needed, but a few quick answers can get the ball rolling.

8. Don't pay attention to what other people are doing.

Everyone else is scribbling away? Ack! What do they know that you don't? It doesn't matter. Pay attention to your own test and pace, and forget about the other students in the room.

9. Note the time

Realising that time is almost up and there are lots of test questions left can make it hard to do anything useful in those final minutes. Stay on pace by scoping out the whole test before getting started. Mentally allocate how much time you'll spend on each section. If there's time to recheck, even better.

10. Focus on calm breathing and positive thoughts.

Deep breathing can slow down a beating heart or a racing mind, so practice these techniques at home. The very act of concentrating on breathing and thinking can alter those anxious feelings.

Sometimes just remembering that *some* test-taking anxiety is a normal part of school can help make it easier to handle

If you are finding things challenging, as we all do from time to time, do remember to check that you are including the 5 ways to well-being in your daily life, in whatever way you can. Remember the 5 ways to well-being are:

Connect (Talk and Listen, feel connected, be there)

Be Active (Do what you can: Enjoy what you do: Move your mood)

Take Notice (Remember the simple things that give you joy)

Keep Learning (Embrace new experience, see opportunities, surprise yourself)

Give (Your time, your words, your presence)

It is often helpful to talk through concerns or worries with family or a friend so do both reach out to others and be there for your friends and family should they need to talk to you. Sometimes talking through a worry can really help.

Sometimes it may be helpful for you or a friend to access support to access help outside of or in addition to family and/or friends. You can contact the school in several ways to do this and there are various people who can offer help and support.

CONFIDENTIALITY

If you speak to a member of school staff about a private matter this will usually remain confidential between you and that member of staff. If the member of staff thinks that it is a good idea to involve someone else such as another member of staff, an external agency or your parents they would talk to you about this and get your consent. However, all members of staff have a duty to pass on information to only the school Safeguarding Team if they had concerns about your own safety or that of another member of the school community. The Safeguarding Team is limited to Mrs Greenfield and Mrs Holman.

HOW TO ACCESS SUPPORT

Tootoot – this is a way of contacting the school anonymously. You can access Tootoot from the School Website and you would have been sent a login to your school email at the start of the year. You can use Tootoot to get help with problems that you are having at school or to report something you are worried about. There is a small selection of staff who will receive your message when it is sent and will endeavour to answer as soon as they can.

Form tutor – the first place you should go if you have any problems is to your form tutor. They will offer advice if they can and /or will direct you to the relevant person in the school who can help. Currently you may be able to speak to your tutor at the end of a Teams Meeting or by emailing into the relevant KS Administrator asking your Form Tutor to contact you (you would not need to give any details). You could also get a message to them through Tootoot but would need to give your name so that they would know who to contact.

Head of Year – form tutors usually work closely with Head of Year. You can also go directly to your Head of Year if you would prefer to do this.

Continued below/

Student Guidance Team – Mrs Holman and Ms Menon are available to speak to you if you have a problem, whether related to school or more personal and will guide you as to the best way to deal with the problem. They may offer to see you again themselves or advise you to see a school counsellor.

School Counsellor – Feeling overwhelmed? Scared because your parents are splitting up? Feel like you don't fit in? Sometimes it's just not possible to sort through tough times alone. Problems can build up and you may lose sleep, find you can't concentrate on school work/homework, or even become depressed. When you need to talk to someone, your school counsellor can be a great person to help you through your bad times. They will listen and help. They'll take your problem seriously and work with you to find a good solution. School counsellors are trained to help with most issues. Please speak to your Form Tutor or other member of staff or enquire via Tootoot. Speaking to a counsellor is informal, just like a chat.

Counselling is very informal, like having a chat and the Counsellors may ask questions or give advice. The sessions are about you and is your time to speak about what is worrying you.

SAFER SCHOOLS & YOUTH ENGAGEMENT NEWSLETTER

Every Secondary School across Havering, Redbridge and Barking & Dagenham (known as East Area) has a Safer Schools Police Officer attached to them. We will already be a friendly and familiar face to your child and a part of their school community.

Our role, put simply, is to educate your child on the law through assemblies, lessons, workshops and our general interactions with them. This is to ensure that they are equipped with the knowledge to keep themselves safe and divert them away from becoming involved in crime. We will always do our best to avoid criminalising young people using a restorative approach, although sometimes this isn't always possible depending on the nature of the crime. The safety of the staff and the pupils is our main concern.

We will be producing a Newsletter every half term, to keep you up to date with key information, and look forward to engaging with you and your child in the future. Take care and stay safe.

PERSONAL SAFETY – As lockdown measures are easing, we anticipate an increase of reports in thefts and robberies. We have officers tasked in town centres and transport hubs to provide a visible reassurance to the public, and deter any would-be offenders.

Phones and other electricals are normally the target of these thefts. Please remind your child about keeping themselves and their property safe by not having their valuables on display, and by using busy well lit routes.

Property can be registered at www.immobilise.com, or ask them to speak to their Safer Schools Officer to get their property security marked.

YOUTH PRODUCED SEXUAL IMAGERY - It is a criminal offence for a person aged under 18 to send or distribute an indecent image or to ask another to send them such an image. It is also an offence for them to take an indecent image, even if it is of themselves.

Beyond the criminal ramifications, the embarrassment and mental hurt this can cause to your child is immeasurable. Once the image has been sent on, it is impossible to get all copies of it destroyed.

Please help us to keep your child safe, and remind them not to be involved in these incidents.

For further advice, many charities including Barnardo's and the NSPCC have many accessible parent resources.

The VPC in East Area is currently recruiting for both Junior and Senior Cadets. This is a fantastic opportunity for young people to work with the Met Police, obtain their Duke of Edinburgh award, and assist with various policing operations. For more information, please contact:

Havering: Anthony.Kiddle@met.police.uk

Redbridge: Amanda.Miller@met.police.uk

Barking & Dagenham: Mark.Colyer@met.police.uk

MAY 2021

THINGS TO KNOW:

BIKES

We have had a number of reports of children using their bikes in an anti-social manner in the roads.

Not only is this a nuisance to other road users but, more importantly, we do not want any child to be injured.

Please remind your child that when they are cycling in the road, they must adhere to the Highway Code.

Some good advice from journey planning to how to fix a puncture can be found at:

<https://www.cyclinguk.org>

E-SCOOTERS

Although you can legally buy an E-Scooter in the UK, you can **ONLY** ride them on private land with the land owner's permission. Anyone riding one on a public road, cycle lane or pavement is committing an offence. The Scooter may then be seized and further police action may be taken.

The Big Ask – a nationwide survey of the views and aspirations of young people

Dame Rachel de Souza, the new Children's Commissioner for England, has launched the largest ever survey of children and young people (aged 4 – 17), designed to find out what your concerns and aspirations about the future are.

The Big Ask is now live at <http://thebigask.uk/>

Please take the time to make yourself heard in this survey. You can learn more about it from this online assembly [introduced by England and Manchester United footballer Marcus Rashford](#).

The Children's Commissioner will use the results from this survey to identify the barriers preventing children from reaching their potential, to put forward solutions and to set goals for the country. Participation enables you to play a part in putting a focus on the needs of children up and down the country.

Exercise/Fitness

Table Tennis

We now have two tables available for students to use during break & lunch time.

Girls will need to provide their own bats & balls.

Enjoy the fun!

WCHS Virtual Friday Morning Mile

Run a mile every Friday morning. Send a screenshot of your effort to @wchsukpe Instagram and add to your coach miles totals

Student motivation webinars

With the UK's #1 motivational speaker

In need of motivation and self-belief? Look no further than Cameron Parker. Cameron is the leader of the younger generation: world-class youth coach and speaker. Join his free webinar and get motivated.

Take a look at some of the feedback from the last webinar.

"I'm not going to lie I was sceptical but this was truly amazing. I learnt more about myself in one hour than I have in a while!"

"I don't think I've ever felt so motivated and positive about my future!"

Tuesday 30th March or Wednesday 12th May @ 6pm

BOOK

NATIONAL SATURDAY CLUB

Free Saturday Clubs for all Year 9, 10 and 11 students - launching at 10am on Saturday 27th February for ten weeks

From this morning, we are keenly accepting online applications to all four Saturday Club programme options being hosted free of charge and virtual initially, then at our Barking & Dagenham College Campus as soon as we're able.

These exciting opportunities are available to all young people aged 13–16 and will develop advanced skills in areas that you currently enjoy or wish to discover and to learn much more about.

In 2021, we are offering the following four options:

Option 1 - Esports as a future career - This Saturday Club option would cover an introduction to employability roles within the growing Esports sector, alongside designing and the creation of content. The sessions will allow all Club members to experience broadcasting a live stream, looking at tactics\strategies when playing ESports and finally event planning and the organisation and hosting, of an end of course ESports Tournament. <https://saturday-club.org/club/barking-and-dagenham-college-esports/>

Option 2 - Film & Media creation - This Club would introduce you to our brand-new film and audio recording studio within the on-campus, East London Institute of Technology - ELIoT. All Club participants would get the amazing opportunity to create a short film and soundtrack and then edit both into a final broadcast standard, production. At the end of the programme, all the films would be showcased in a Film event held at the College and shown online nationally. <https://saturday-club.org/club/barking-and-dagenham-college-film-media/>

Option 3 - Creative Industries, Art & Design - This programme will immerse you in a wide range of exciting and engaging creative arts workshops exploring various Art & Design processes and using sector-standard equipment which will release and enhance all your inner skills and abilities. You will cover different areas of practices, from Fashion to Architecture to Graphic Design and much more. You will need an internet connection, a tablet/phone/computer to join, a free zoom account and something to draw with. <https://saturday-club.org/club/barking-and-dagenham-college/>

Option 4 - Art & Design, Designing and creating your unique phone case. You will be measuring your own phone using industry standard equipment, drawing the design in 2D and 3D using CAD and 3D printing, choosing and testing materials and finally, laser cutting to make the final and unique product. *You should have predicted pass grades in GCSE English, Maths, Science and Design & Technology would be preferred - this option will start online on Saturday 6th March.* <https://saturday-club.org/club/barking-and-dagenham-college-product-design/>

This is a free Saturday Club programme for all Year 9, 10 and 11 students - launching online at 10am this Saturday 27th February for ten weeks

David Staley

Schools Engagement and Alumni Officer

Direct:0203 667 0215

Please view and share our Course Guide for 2021/22

<https://barkingdagenhamcollege.pagetiger.com/ckezgxe/1>

The **insurance sector** generates a significant impact to the GB economy and, believe it or not, is an interesting and vibrant section that dates back centuries. It's future is steeped in influencing the fourth industrial revolution and key advancements in technology, such as Artificial Intelligence, Quantum Computing, Robotics and Blockchain.

The world will always need insurance, and brokers are there on the front line helping their large corporate clients to have adequate risk management methods, including suitable insurance policies. However, the world is changing, and becoming increasingly complex with innovation often driving this change. There is a real need for experts who are able to innovate and use Design Thinking. Design Thinking is extremely useful in tackling problems that are ill-defined or unknown, by re-framing the problem in human-centric ways, creating many ideas in brainstorming sessions, and adopting a hands-on approach in prototyping and testing. It is based heavily on the methods and processes that designers use (hence the name), but it has actually evolved from a range of different fields — including architecture, engineering and business. Design Thinking can also be applied to any field.

What we want to do is bring together the next future of STEM leaders and help them learn more about Design Thinking and Innovation.

We would like to invite a group of around 20 female students (aged 14 – 18) who possess an interest in Science, Technology, Engineering and Maths based subjects, to take part in a virtual insight week with WTW to learn more about innovation.

Taking place in early March, as part of International Women's Day, each participant will have the opportunity to learn more about Design Thinking and what it means to be an innovator! Participants will be split into small groups, where (supported by a WTW coach) they will be taken on the journey of 'Innovation and Design Thinking'. They will undertake challenges that allow them to develop their innovative thinking skills. A skill which is highly sought after by many employers. At the end of the week teams will present their innovations to a panel with the winning team gaining a prize!

The course will run from Monday – Friday only, and will run for a maximum of 1.5 hours every day. We also ask that participants also have their own laptop to use throughout the week (with internet capability), along with an email address that can be used for invitation purposes.

If you're a young person interested in taking part in this exciting opportunity, please get in touch with **Rhoda Quist** at STEM Learning on R.Quist@stem.org.uk who will be able to provide more information and sign up details.

About Willis Towers Watson

Willis Towers Watson (NASDAQ: WLTW) is a leading global advisory, broking and solutions company that helps clients around the world turn risk into a path for growth. With roots dating to 1828, Willis Towers Watson has over 40,000 employees serving more than 140 countries. We design and deliver solutions that manage risk, optimize benefits, cultivate talent, and expand the power of capital to protect and strengthen institutions and individuals. Our unique perspective allows us to see the critical intersections between talent, assets and ideas – the dynamic formula that drives business performance. Together we unlock potential.
