School Uniform requirements

Please ensure your child is equipped to comply on return in January

As term comes to an end I am writing to secure your assistance in ensuring all students in Years 7 – 11 comply with WCHS uniform policy. Most students wear the uniform very well and have some understanding of why schools have such expectations and that it's important they meet them. There are, however, a number of students persistently flouting rules. We don't set much store by protestations that they "didn't know" - expectations have not changed and are listed in their planners. Neither does it seem likely that they don't possess the appropriate shoes / coat etc. However, in bringing the subject to your attention immediately before a holiday the intention is to ensure any shortfall in uniform is addressed before we return on Tuesday 4 January. Highlighting the matter today also means you are in an informed position to counter any adolescent pressure over the holiday for piercings or hair colour, school shoes or coats that will be challenged next term.

The school uniform list, as it appears in student planners, is attached for your reference. Particular attention is drawn to the necessity for appropriate shoes and outdoor coats. Covid-19 safety measures involve all of us being outside and exposed to the elements more frequently, students need appropriate attire. We make no requirement for a branded item – any **black** or **navy** coat (not jacket) should serve the purpose. (Sweatshirts, hoodies and jackets do not.) Even inside warm clothing is needed as guidance nationwide is that classroom windows are open whenever possible. School uniform does allow for layering (a t-shirt invisible underneath the shirt, a school jumper or cardigan and a blazer in addition to it). WCHS PE sweatshirts and any form of hoodie are not uniform, however, and will be confiscated if worn as such.

The Governors' Policy for school uniform also places limitations on jewellery (one stud earring in the lobe of each ear) and on hair colour, also stipulating that long hair should be tied back. The school having a uniform policy it is, of course, important that it is uniformly followed. A small number of girls currently are sporting hair colours than don't comply. If your daughter is one such student, she will already have been spoken to about the issue and, if the matter is still to be resolved, colleagues will be seeking your direct support of uniform policy.

The holiday "to do" list in many households may include top up purchases of uniform or shoes, and visits to the hairdresser. Students of uniform-wearing age at Woodford (Years 7 – 11) are teenagers - it wouldn't be unheard of for a few of them to be set on persuading parents to sanction options which fail to meet uniform requirements. Students all have ready access to uniform stipulations (including those pertaining to hair colour, to the only permissible piercings, to shoes and to coats) in their planner (pages 18 & 19 – and attached here for your convenience). Parents have access to the uniform policy on our website.

You are asked to review the expectations now to avoid unnecessary conflict and expense. If students opt for inappropriate hair colouring it will need to be adjusted – a cost and an inconvenience. If they acquire additional piercings they will have to remove the associated jewellery during school hours, infection risk or not. (They know the school rules.) Similarly inappropriate shoes or coats will need to be replaced.

Generally when these issues arise it is because students have knowingly misled parents on the subject. The aim of this e-mail is to put you on the front foot, to enlist your help in getting things on track now and to avoid future aberration from uniform requirements and the unnecessary altercations and wastage that ensure.

There has been no change with regard to the requirements referred to above since you enrolled your child in the school. In addition, students are now also very familiar with the need to wear a lanyard in school and, currently, a face mask as and when required. They are to be congratulated on their compliance with the latter in particular - we believe this to have been critical in restricting virus spread this term. Parents and students are thanked for the common sense shown about such matters. It is appreciated.

I write in more festive mood in the Newsletter to be published on Friday. In closing, however, let me very sincerely wish you and your family a happy, healthy and restorative holiday period.

CHRISTMAS DINNERS AND END OF TERM ARRANGEMENTS

On Wednesday 15th and Thursday 16th December Christmas Dinner will be served in the canteen to those who have ordered it. Year Groups have been divided as follows:

Wednesday - Year 7, 9A-C, Year 10 & Year 12

Thursday - Year 8, 9D-F, Year 11 & Year 13

No non-Christmas lunches will be served in the canteen on those days, so if your daughter is not participating, or it is not her Christmas Dinner day, she will need to bring in a packed lunch. Girls will be permitted to eat in form rooms on these two days only, but must go outside once they have finished.

The canteen will be open at break-time as usual.

LAST DAY OF TERM

School finishes at 2pm on Friday for Years 10 & 11 and at 2.10pm for Years 7-9. There will be no after-school clubs running on Friday and neither will Homework Club. All girls must vacate the school site at the times indicated. The 679 buses have been rescheduled accordingly.

13 December 2021

Dear Parent / Carer

Testing has been playing a vital role in the response to COVID-19. It is helping to break chains of transmission by identifying asymptomatic positive cases quickly. This means those who test positive can self-isolate, keeping other pupils and students in face-to-face education. Reporting all test results, positive or negative, helps the health experts have a clearer picture of any potential outbreaks in different parts of the country.

Regular testing on a twice weekly basis has been available to all students and will continue to be available both during the Christmas and New Year Holiday break and into January 2022.

The school will also be undertaking one round of Lateral Flow Testing (LFT) Onsite on **Tuesday 4 January 2022** for all students.

The school will be using two varieties of COVID Testing:

- The INNOVA testing kit - already in use in the Blue and White Box and
- NEW - The Orient Gene testing kit – nasal swab only and in a green and white box

We do not have sufficient test kits to allocate to all year groups so **year 10** students will continue to use the INNOVA test kits, all other students will be offered the Orient Gene Test kit

The process for the Orient Gene test is different to the INNOVA test so we are providing all students in years 7-9 and 11-13 a box of the Orient Gene kit to take home this week. This provides students with the opportunity to familiarise themselves with the process before they return to school on the 4 January 2022, making the onsite testing process more efficient.

If your daughter is in year 10 and would like more INNOVA home testing kits for the holiday, please could they advise their form tutor and we will arrange delivery of these kits to their form room.

YEARS 7 - 11

Flu Immunisations will be taking place throughout the day in the conference room on Wednesday 15th & Thursday 16th December.

16 – 17 year olds now eligible for second dose of Covid-19 vaccination

The Joint Committee on Vaccination and Immunisation (JCVI) has advised that all healthy 16 to 17 year olds should be offered a second dose of the Pfizer vaccine.

The decision is based on a review of the latest evidence and has been accepted by the Government.

The second vaccine dose is available to these young people 12 weeks or more following the first vaccine dose. For those in this age group who have had the Covid-19 infection, the second vaccine dose can be given 12 weeks or more following the first vaccine dose, or 12 weeks following a positive Covid-19 test result, whichever is later. Those young people deemed 'at risk' will continue to be offered a second dose 8 weeks after their first dose.

16 and 17 year olds can access their second injection like the general public through vaccination centres, community pharmacies and GP- led primary care sites.
