Online Safety Tips For Children

- 1 KEEP YOUR PERSONAL INFORMATION PRIVATE ONLINE**

Only share it with people you know like friends and family. Ask a trusted adult like your teacher or a family member to help you change your privacy settings so that strangers can't see it.
- 2 SPEAK POLITELY AND BE KIND TO OTHERS WHEN YOU SPEAK TO THEM ONLINE**

Treat them like you would treat them in real life and always remember your manners.
- 3 TELL A TRUSTED ADULT IF YOU ARE BEING BULLIED ONLINE**

If either another person is sending you nasty messages, a trusted adult will be able to help you collect evidence and report the person to the relevant authorities.
- 4 USE PASSWORDS TO PROTECT YOUR PERSONAL INFORMATION**

Ask a trusted adult to help you create a password that you can easily remember but which is hard for other people to guess.
- 5 ALWAYS CHECK WITH A TRUSTED ADULT FIRST BEFORE USING A DEVICE OR DOWNLOADING A NEW APP**

This is so that they can check it is safe for you to use and make sure the privacy settings are right.
- 6 TELL A TRUSTED ADULT IF YOU SEE SOMETHING ONLINE WHICH YOU DON'T LIKE**

This can include anything that upsets you, makes you feel sad or which you're unsure about.
- 7 USE THE INTERNET TO HAVE FUN AND TO HELP YOU FIND OUT INFORMATION ABOUT THINGS**

Remember to ask your trusted adult for help and always use child friendly search engines so that the information you get back is safe.

- 1 ACCEPT FRIEND REQUESTS FROM STRANGERS OR PEOPLE YOU DON'T KNOW**

Always tell a trusted adult if somebody you don't know tries to contact you online.
- 2 SPEND TOO MUCH TIME ON YOUR DEVICE**

Instead, go out and play with your friends, get some fresh air and try to exercise more. This will help you stay fit and healthy.
- 3 REPLY TO MESSAGES FROM ONLINE BULLIES OR PEOPLE WHO SEND YOU NASTY MESSAGES**

The most important thing to do is to tell a trusted adult and then block the person from contacting you.
- 4 COPY PEOPLE'S WORK ONLINE OR PRETEND IT IS YOURS**

This is called plagiarism and can get you into a lot of trouble.
- 5 BE MEAN OR NASTY ONLINE**

Behave online like you would in real life and don't post anything that can make you look like a bad person. Things that you post online can stay there for a very long time.
- 6 USE YOUR DEVICES CLOSE TO BEDTIME**

This will allow your brain to rest so that you can get a good night's sleep, stay focused at school and perform better in class.
- 7 SHARE PERSONAL INFORMATION ON THE INTERNET WITH STRANGERS**

Always tell a trusted adult if somebody you don't know asks you for your personal information.

After school	String orchestra IBO (SF1) 15:45-16:30 Brass Ensemble (SF2) 15:45-16:15	Chamber groups IBO (SF1) 15:45-16:30			

Music activities will be starting on the week of Monday 13th September apart from senior choir which will start rehearsing on Thursday 9th. I would highly encourage people to attend as we have a wide variety of ambitious works, with all involved performing at our Christmas Concert.

A brief description of musical activities:

String Orchestra: Open to all string players from grade 3 level and tackling classical repertoire.

Brass Ensemble: A visiting brass specialist from the Redbridge centre will be taking these, open to all brass players.

Junior Band: This ensemble is an excellent introduction to music at the school, available to all instruments and appropriate from novices up to roughly grade 3 equivalent standard.

Chamber groups: These are small ensembles which the music department will supervise and coach alongside proposed initiatives from students. I highly encourage anyone interested to speak to a member of the music department ahead of time to allow for planning.

Jazz Band: Mainly for years 10-13 instrumentalists, grade 4/5+ level - woodwind, brass, and rhythm section players (guitar, piano, bass, percussion) We play a range of swing, funk and pop tunes; encouraging learning to improvise confidently.

GCSE/A-level support: This is an ongoing class to aid any students taking the GCSE or A-level music course.

Senior Choir: A choir for all students in years 10-13, singing a wide variety of music from pop to jazz to classical. The Senior Choir performs at some of the school's traditional events – including the School Birthday coming up soon.

Junior Choir: A specialist vocal coach from the Redbridge Music Centre will be attending to lead this. It's an excellent opportunity for those in years 7-9 to attend regardless of prior experience.

Theory: These sessions provide a great boost in confidence for those who wish to understand the theoretical side of music not only to supplement music classes across all years, but also for aiding instrumental progress. Coaching will be based on ABRSM graded books, and will include anyone wishing to do their grade 5 theory exam, which is required for instrumental grade 6 and higher.

Orchestra: This is the main instrumental body of the school and is open to all relevant instruments of grade 4 equivalent standard or higher.

The Music Recital Evening

The Music Recital Evening will take place on Thursday 10th February at 18:00-20:00.

Any student who wishes to perform in this event, either as a soloist or in a duet or small ensemble, can sign up on the sheet which is on the board outside SF1 for an audition.

These auditions will take place on 18th-20th January. This is a great opportunity for anyone to showcase something they have been preparing. Please do encourage anyone who would be a suitable candidate.

Feeling poorly and off school?

Dear Students in Year 7, 8 and 9,

This is a friendly reminder that, as we head into winter, there may be more colds, bugs and even the flu going around and you may have to take some time off of school because you're feeling poorly – which we completely understand.

If this is the case and you're too poorly to come into school then you should be taking the day to rest and recover and should not be emailing your teachers for the missed class work. Whilst this is incredibly conscientious of you, we as your teachers, want you to focus on getting better!

Instead, when you're feeling well enough to come back into school, you should ask your teacher in your next lesson what you've missed and if there is anything you need to catch up on.

It is important that you do not email teachers about missed work and take this time to get better!

Best wishes,

Mrs Hawks, Ms Keith and Mr Mills

Strategies that can help with anxiety:

Breathe slowly and deeply.

You can count slowly to five as you breathe in, and then five as you breathe out. If this is too much, try starting with shorter counts. If it works gradually breathe out for one or two counts longer than you breathe in. This can help your body to relax.

Think of a safe and relaxing place in your mind.

It could be your bedroom, a grandparent's house, a favourite place in nature or somewhere you have been on holiday. Sometimes holding a memento of a relaxing place, like a seashell or pebble, can help.

Try using all five senses together.

Connecting with what you can see, touch, hear, smell and taste can bring you closer to the present moment and reduce the intensity of your anxiety. You might think about five things you can see, four things you can touch, three things you can hear, two things you can smell and one thing you can taste.

Try to do something that helps you to feel calmer.

This could be running, walking, listening to music, painting, drawing or colouring-in, writing in a journal, baking, watching a favourite film or reading a favourite book.

Remember that everyone is different, and that over time you will find the things that work best for you in these moments.

Anger Management Techniques

Relaxation

Not all anger is misplaced, and often it's a healthy, natural response to difficulties.

Simple relaxation tools, such as deep breathing and relaxing imagery, can help calm down angry feelings.

Some simple steps you can try:

- Breathe deeply, from your diaphragm; breathing from your chest won't relax you. Picture your breath coming up from your "gut."
- Slowly repeat a calm word or phrase such as "relax," "take it easy." Repeat it to yourself while breathing deeply.
- Use imagery; visualize a relaxing experience, from either your memory or your imagination.
- Nonstrenuous, slow yoga-like exercises can relax your muscles and make you feel much calmer.

Practice these techniques daily. Learn to use them automatically when you're in a tense situation.

Restructure your thoughts

When you're angry, your thinking can get very exaggerated and overly dramatic. Try replacing these thoughts with more rational ones. For instance, instead of telling yourself, "oh, it's awful, it's terrible, everything's ruined," tell yourself, "it's frustrating, and it's understandable that I'm upset about it, but it's not the end of the world and getting angry is not going to fix it anyhow" and may make me feel worse. Logic defeats anger, because anger, even when it's justified, can quickly become irrational. So use cold hard logic on yourself. Remind yourself that the world is "not out to get you," you're just experiencing some of the rough spots of daily life.

Problem Solving

Sometimes, our anger and frustration are caused by very real and inescapable problems in our lives. Not all anger is misplaced, and often it's a healthy, natural response to these difficulties.

Make a plan, and check your progress along the way. Resolve to give it your best, but also not to punish yourself if an answer doesn't come right away.

Continued./.....

Better Communication

Angry people tend to jump to—and act on—conclusions, and some of those conclusions can be very inaccurate. The first thing to do if you're in a heated discussion is slow down and think through your responses. Don't say the first thing that comes into your head, but slow down and think carefully about what you want to say. At the same time, listen carefully to what the other person is saying and take your time before answering. Try not to let your anger during a discussion spin out of control. Keeping your cool can keep the situation from becoming a disastrous one.

If you are finding things challenging, as we all do from time to time, do remember to check that you are including the 5 ways to well-being in your daily life, in whatever way you can. Remember the 5 ways to well-being are:

Connect (Talk and Listen, feel connected, be there)

Be Active (Do what you can: Enjoy what you do: Move your mood)

Take Notice (Remember the simple things that give you joy)

Keep Learning (Embrace new experience, see opportunities, surprise yourself)

Give (Your time, your words, your presence)

It is often helpful to talk through concerns or worries with family or a friend so do both reach out to others and be there for your friends and family should they need to talk to you. Sometimes talking through a worry can really help.

Sometimes it may be helpful for you or a friend to access support to access help outside of or in addition to family and/or friends. You can contact the school in several ways to do this and there are various people who can offer help and support.

CONFIDENTIALITY

If you speak to a member of school staff about a private matter this will usually remain confidential between you and that member of staff. If the member of staff thinks that it is a good idea to involve someone else such as another member of staff, an external agency or your parents they would talk to you about this and get your consent. However, all members of staff have a duty to pass on information to only the school Safeguarding Team if they had concerns about your own safety or that of another member of the school community. The Safeguarding Team is limited to Mrs Greenfield and Mrs Holman.

HOW TO ACCESS SUPPORT

Tootoot – this is a way of contacting the school anonymously. You can access Tootoot from the School Website and you would have been sent a login to your school email at the start of the year. You can use Tootoot to get help with problems that you are having at school or to report something you are worried about. There is a small selection of staff who will receive your message when it is sent and will endeavour to answer as soon as they can.

Form tutor – the first place you should go if you have any problems is to your form tutor. They will offer advice if they can and /or will direct you to the relevant person in the school who can help. Currently you may be able to speak to your tutor at the end of a Teams Meeting or by emailing into the relevant KS Administrator asking your Form Tutor to contact you (you would not need to give any details). You could also get a message to them through Tootoot but would need to give your name so that they would know who to contact.

Head of Year – form tutors usually work closely with Head of Year. You can also go directly to your Head of Year if you would prefer to do this.

Continued below/

Student Guidance Team – Mrs Holman and Ms Menon are available to speak to you if you have a problem, whether related to school or more personal and will guide you as to the best way to deal with the problem. They may offer to see you again themselves or advise you to see a school counsellor.

School Counsellor – Feeling overwhelmed? Scared because your parents are splitting up? Feel like you don't fit in? Sometimes it's just not possible to sort through tough times alone. Problems can build up and you may lose sleep, find you can't concentrate on school work/homework, or even become depressed. When you need to talk to someone, your school counsellor can be a great person to help you through your bad times. They will listen and help. They'll take your problem seriously and work with you to find a good solution. School counsellors are trained to help with most issues. Please speak to your Form Tutor or other member of staff or enquire via Tootoot. Speaking to a counsellor is informal, just like a chat.

Counselling is very informal, like having a chat and the Counsellors may ask questions or give advice. The sessions are about you and is your time to speak about what is worrying you.

The Body Scan

Mindfully scanning through the body, starts with breathing into the toes and feet, working all the way up the legs into the abdomen, through the belly and upper torso, moving to the hands and arms, the shoulders and neck, then into the face and back of the head, and finally ends at the crown. Lying down meditation focuses attention systematically on the whole body. Widening the scope of awareness to include every part of our physical being, this practice reminds us that we are more than simply residents of our own head.

It can be especially recuperative if we allow ourselves to rest in the awareness of being completely relaxed and supported for 10 – 20 minutes each day. A body scan carried out when we are fully awake can revitalise our sense of being alive and present in the moment. Alternatively, our intention may be to fall asleep as we go about deeply relaxing each body part in turn while focusing on breathing into and letting go of tensions that have accumulated during the day.

TRY THIS:

Beditation

1. Lie down on your back in a safe space where you won't be disturbed.
2. Cover yourself with a blanket to keep warm. Or settle down in your bed to sleep.
3. Allow your eyes to close.
4. Place your hands on your belly and gently settle your attention on the rising and falling of your diaphragm as you breath in and out.
5. Take a few moments to feel your whole body lying there, register where you notice the points of contact with the mat or the bed.
6. Take an intentional breath in & imagine the vitality of the inhalation travelling all the way down to into your toes and feet. As you exhale, notice any sensations you feel there.
7. When you are ready to leave the toes and feet, take a deeper breath in and allow any tension or discomfort you find to dissolve in awareness as you exhale and move your attention up into the lower legs and knees.
8. Continue to move up through the rest of your body. If you experience any discomfort such as cramp, it's best to release the tension by moving or massaging away the discomfort before continuing with the scan.
9. The important point is to allow yourself to fully relax, and to drift into sleep as your body pulls you in that direction.
10. If you wish to remain awake, try doing the body scan on a yoga mat with your eyes open during the day.

Everyday Mindfulness

Mindfulness Based Stress Reduction or MBSR is based on the principle of bringing full awareness to the present moment. This detached attitude of mind helps us recognise the physical symptoms of stress and uses focus on the breath to reduce the anxiety caused by constant rumination and worry.

Insight into our habitual thought patterns brings new understanding and increases our ability to focus our attention where it is needed most. The clarity of mind that comes with regular practice explains the renewed interest in this ancient skill, at a time when there is much each of us needs to do to look after our health, the health of others, and protect the biosphere that is our beautiful planet.

A series of calming, guided meditations from the Oxford Mindfulness Centre can be accessed online free of charge. Their website also includes a helpful information section written with young people in mind.

www.oxfordmindfulness.org

TRY THIS:

Being in the present moment

Set aside 10 minutes after a busy day at school. Find a place to sit comfortably where you will not be disturbed. Lower your gaze or let your eyes close. Rest your hands on your lap, palms upwards or fold your hands together. Breathing through your nose, notice where you feel the sensations of inhalation and exhalation most vividly.

Your thinking mind will pull for your attention, when it does, consciously bring your awareness back to the physical sensations of sitting and breathing. Remain upright, so you stay awake. Adjust your posture from time to time if you feel uncomfortable. Imagine you are a mountain.

LGBTQ+

Dear Students,

Pride is a movement which celebrates diversity as well as protesting against discrimination and violence as whilst the rights of the LGBTQ+ community have come a long way, there is still not full equality. There is plenty of information online about the history of the development of the rights for the LGBTQ+ community available online, for example –

<https://www.bbc.co.uk/newsround/40459213>

Remember, Pride is all about inclusivity and diversity. The priority is the promotion of equality and creating a community and a safe space for people to be who they are.

If you, or anyone you know, has any questions about this or feel that they need some support then you can speak to a trusted adult at school such as your Head of Year or Form Tutor. Alternatively, the following websites might be of use –

- **Stonewall**

Dear Students

Woodford County High School subscribes to Tootoot, this is an online reporting platform and app for students. We are aware that there may be times when you may not feel comfortable to speak to someone face-to-face about your concerns, or may be concerned about being identified or potentially making matters worse.

With Tootoot, you are able to safely and anonymously report your concerns and worries to mentors (WCHS safeguarding and pastoral team), so use this as a first step to resolving your concerns. ***Although anonymous please be aware that in the event of a serious safeguarding issue, (i.e. where a student is in danger of imminent harm) it would be possible for the Designated Safeguarding Leads to gain access to identify the student.***

Tootoot is accessible anywhere, anytime and on any internet-enabled device, if there is something that is concerning you, or making you feel unsafe (whether an issue personal to you or a wider concern about others in school) you can use this platform to raise your concern. School should be a safe place where you can grow in confidence and learn, no one should ever be bullied. When reporting you will also be able to attach supporting evidence, such as images, screenshots or documents etc.

Ms Hasler and Mrs Easton, as well as the school's Student Guidance Officer Mrs Holman and Assistant Student Guidance Officer Mrs Menon, will be happy to discuss any concerns you may have in person.

Please note that Tootoot **should not** be used for day to day school-related questions, please speak to your form tutor, teachers or Key Stage Administrator for these. You are also able to contact your teachers via email who will get back to you during a school day.

Keep an eye out for an email from Tootoot with your login details, which will be sent out via the Tootoot system. Your accounts are linked to your school email therefore should you forget your details going forward, you will always be able to use the "Forgotten your login/password?" feature on the home page to receive a password reset link.
