

Year 12 visit Fitzwilliam College, University of Cambridge

For the 3rd & 4th July, we had the chance to go on a residential at Fitzwilliam College, the University of Cambridge, as a 'follow up' programme having attended a Natural Sciences online course in November 2021. On the first day, we had a general trivia quiz to get to know our peers, after our general introductory talks. We had dinner, and then played a game of Splat which was a nice way of ending the night. The second day started with a carousel of different subjects, including medicine and law, where we were given the chance to ask questions and take part in a 'subject-taster' course. This was then followed by a debate about two topics; the death penalty and whether the monarchy should be over-ruled. To end the day, we had a tour of the other colleges, and even got the chance to have some ice-cream too! If you have any questions or want to know more, feel free to stop us!
