Message from your Safer Schools Officers: Talk to your child about phone safety

Mobile phones are a great way to stay in contact with family and friends. Most Secondary School aged children now own one or have access to one.

As useful as they are, they can make children vulnerable to thieves who are particularly interested in new models and other valuable items such as cash, airpods and expensive coats. Reducing robbery is our top priority and our officers are working hard to catch those responsible, with activity to prevent it taking place daily.

There are however, a number of things you can do to help reduce your child's risk of becoming a victim and keep safe whilst using their phone. If you can, talk to them about where and how they use their phone using the following advice:

Safety when out and about:

- Keep your phone and valuables out of sight in a safe place when travelling to and from school.
 Be careful when you take your phone out in public places.
- Bus stops, train stations and surrounding areas are common target areas for thieves, who can approach on foot, moped or on a pedal bike or e-scooter.
- Earphones/headphones can distract you, stopping you from seeing or hearing someone approach you from behind.
- Don't confront a thief it's not worth risking your own safety for possessions that can be replaced.
- Robbery or attempted robbery are serious crimes and should be reported. It's important you seek help straight away by dialing 999 rather than contacting police when you get home or at school the following day. Use a friend's phone or the phone of a trusted adult. This gives us the best chance to catch the suspects, recover any stolen property and ensure your safety.
- If you have information about a robbery and do not want to report it to police, speak to Fearless 100 % anonymously at <u>www.fearless.org</u>. Fearless is the youth service of independent charity Crimestoppers.
- Whether you have a phone or not, memorise or keep a parent/carer's phone number in a separate place in your bag/zipped pocket in case of emergency.

Help protect your child's phone if it's stolen:

- Use your device's security features, apps or PIN locking mechanisms to protect your data and prevent the phone being used.
- Keep a record of the phone's IMEI number (not on your phone!). This is a 15-digit unique number which can be obtained by keying in *#06#. You need this information if the phone is lost or stolen.
- Consider installing a tracker app, available online.

You might find the attached leaflet useful – it's aimed at young people and will be used by our officers in schools.

For more information go to <u>www.fearless.org/campaigns/robbery</u>. For help and advice on staying safe online and how to keep cyber criminals at bay, the Met has some great videos and other resources at <u>www.met.police.uk/littlemedia</u>

KEEPING YOU AND YOUR PHONE SAFE

Getting a phone is really exciting. You can stay in touch with friends and find out more about the world.

As police officers, our job is to keep you safe and stop people who want to steal property like phones, cash, earphones and even expensive coats or trainers.

You can help us do that by being careful where you use your phone and taking care of cash and other valuable items.

- If you don't want to talk to police – contact Fearless online, without giving your name, at www.fearless.org
- Memorise or keep a note of a parent/carer's phone number in a separate place in case of emergency.

5 TIPS TO KEEP SAFE

- Keep your phone and valuables out of sight and in a safe place. Take care when you take them out especially near bus stops and train stations.
- Stay alert and remember earphones/headphones can distract you from being aware of someone approaching from behind you. Thieves can approach on mopeds, e-scooters and pedal cycles.

- Don't fight back, it's not worth the risk when a phone can be replaced.
- Tell us if someone robs you or tries to. It's important you get help straight away by dialling 999 using a friend or trusted adult's phone rather than contacting police when you get home. This gives us the best chance to catch the suspects, recover stolen items and make sure you're safe.

YOU CAN HELP US PROTECT AND TRACK YOUR PHONE IF IT'S STOLEN.

HERE'S 3 THINGS YOU CAN DO:

 Your phone will have security features such as a passcode or fingerprint/ face ID. Make sure you use it to protect access to your phone.

- Tracker apps can help locate your phone if it's lost or stolen. Ask a parent to show you how to set one up.
- Record the phone's IMEI number in a separate place at home. Find this by typing in *#06#. You'll need to give this number to police if it's stolen.
