

# Biology in Action—10 November—Year 12

Year 12 Biologists had an exciting day of informative discussions, interactive sessions and inspirational stories at Biology in Action on 10th November. From CRISPR technology to the impact of climate change, experienced speakers including Greg Foot and Pooja Swali spoke about cutting-edge research and current issues from the world of biology.

“A really enjoyable experience: an opportunity to hear from a variety of people in different areas of Biology and hearing about all the pathways from where we are is fascinating!”

“Very Enlightening. I had no idea there were so many niches to biology in terms of career options, and it was extremely interesting to learn about them and the important work that they do.”
