Dear Parents / Caregivers

**Subject: Warning Regarding Dangerous Vape Devices in Redbridge**

I hope this letter finds you well. We write to bring your attention to a concerning issue affecting our school community. There have been reports in London of young individuals experiencing health complications after using vape devices containing drugs.

We wish to emphasise the importance of informing parents about the hazards associated with unregulated vape pens, given the recent surge in related incidents. Law enforcement authorities across London, including our local police officers, have seized numerous vapes from students in the past weeks. Some of these devices are currently undergoing testing to detect dangerous Class B substances such as Spice or THC, the active component in cannabis.

It has come to our understanding that certain reusable vape pens are being illicitly filled with drugs by dealers. Officers have received information about students falling ill after using these altered devices, which are then believed to be distributed among young people through platforms like Snapchat and other social media apps.

Parents/Caregivers must be aware that unregulated vape pens pose a serious threat to the health of young individuals. Those contemplating the purchase of these unauthorised, home-filled devices are unaware of their contents and the potential dangers they pose. THC and Spice are harmful psychoactive substances that can lead to severe health problems, necessitating heightened vigilance on the part of parents/Caregivers.

THC, the primary psychoactive compound in cannabis, and Spice, a group of synthetic Class B drugs, are known to mimic the effects of cannabis. Inhaling Spice through a vaping pen is particularly hazardous for young people, leading to various health issues such as breathing difficulties, chest pains, heart palpitations, seizures, extreme anxiety, paranoia, suicidal thoughts, psychosis, vomiting or diarrhoea, and acute kidney injury. In some instances, a single dose can prove fatal.

Our Redbridge Police Schools Officers are collaborating closely with our schools and partners to share information and intelligence on this matter so we can better understand the issues. We urge parents, guardians, and anyone with pertinent information about those supplying these vapes to contact the Police on 101 or Crimestoppers anonymously online at [www.crimestoppers-uk.org](http://www.crimestoppers-uk.org), <https://crimestoppers-uk.org/fearless> or by calling 0800 555 111.

Thank you for your attention to this critical matter. Your cooperation and awareness are crucial in ensuring the safety and well-being of our children.

Sincerely,  
PS Kristy Phillips & PS Brian Stevens

# **THE BIG PLASTIC COUNT**

**11-17 MARCH**

**The WCHS Eco-Committee invite everyone at home to participate in positive change. Together, we can build even more evidence about what happens to our plastic waste to help put a stop to the plastic crisis.**

In 2022, nearly 250,000 people from schools, households and communities across the country made The Big Plastic Count the biggest ever investigation into UK household plastic waste. It showed that nearly 100 billion pieces of plastic are thrown away in the UK each year, with hardly any of it recycled.

The rest is burned, sent abroad or ends up in landfill. We can't recycle our way out of the plastic waste crisis, so The Big Plastic Count is back – and this time we've got an even bigger target in our sights – The Global Plastics Treaty.

By joining thousands of people across the country and counting all the plastic you throw away for a week, you can gather the vital evidence we need to convince UK ministers, supermarkets and big brands to lead the way at the global talks that could finally phase out plastic production for good. Let's get counting to make the Global Plastics Treaty as big and bold as it can be.

The UK Government needs to push for a strong and ambitious Global Plastics Treaty. The treaty needs to include an end to plastic pollution, a phase-out of new plastic production, and ensure a just and inclusive transition to a low-carbon, zero-waste, reuse-based economy.

**This isn't about rating anyone's recycling habits, and we wouldn't want anyone to feel embarrassed by how much plastic they use. We know that there are some plastic items which are essential for disabled people, or people with medical conditions, and so these won't be included in the count.**

## HOW TO TAKE PART

It's easy! From Monday morning until Sunday evening, **count as you throw!**

Simply mark every piece of plastic package as you throw it away on the

**Let's Count Tally Sheet**.

### TOP TIPS

1. Put the **Let's Count Tally Sheet** up on your fridge, or near your bin or recycling.
2. Tell everyone you live with that you're going to be taking part and ask them to include their plastic waste in the count too.
3. Using the **Let's Count Tally Sheet**, record the different types of household plastic packaging waste you use for one week. This includes plastic going in your bin and plastic you put out for recycling.
4. Use the **Plastic ID Tool** to look up plastic items if you need to.
5. Remember to write down any piece of plastic packaging you use while out and about, then mark it on your tally sheet when you get back home.

### WHAT NOT TO COUNT

- ⇒ **Don't** include: plasters, medication packaging, non-dairy milk/juice cartons, nappies, dog poo bags, plastic cutlery or period products.
- ⇒ We **don't** want to include plastic items that are used for medical or sanitary reasons, or by people with disabilities who rely on plastic items for independence.
- ⇒ Also, we are **not** counting coffee cups or Tetra Pak, the plasticised cardboard material that many juice/milk cartons are made of.
- ⇒ Check out the Plastic ID Tool online to familiarise yourself with the kinds of plastics we're counting up for this survey.

Once your household has completed the survey, please record their results online at home via our unique class link and student's name:

<https://thebigplasticcount.com/submit/8989/woodford-county-high-school>

Find out more about The Big Plastic Count here: [thebigplasticcount.com](https://thebigplasticcount.com).

We'd like to say a huge thank you for taking part in this important investigation!

**Together, we can build even more evidence about what really happens to our plastic.**

Best wishes,

WCHS Eco-Committee.

# Careers notice for parents

## Calling for parent volunteers!

On the 27<sup>th</sup> March from 11:00 until 3:30, students of year groups 10, 11, 12 & 13 will have the opportunity to participate in a careers fair to meet employers and talk about career paths.

We already have a variety of different careers and organisations confirmed attending but if you are interested in volunteering to talk to students one-on-one about your career path and exciting moments so far, please do get in touch!

If you are interested please email in at [summersh@woodford.redbridge.sch.uk](mailto:summersh@woodford.redbridge.sch.uk) with details about the career/sector you could represent, or if you have any further questions.

Thank you
