

# Duke of Edinburgh Bronze Award 2023

“Despite facing challenging weather conditions, both weekends were a resounding successes. The first weekend (6-7 May 2023) greeted us with relentless rain, testing the resilience and determination of our students, while the second weekend (10-11 June 2023) brought scorching temperatures, presenting its own set of challenges. However, I am delighted to announce that students rose to the occasion, demonstrating outstanding perseverance and teamwork, and ultimately completing their award. It was inspiring to witness the growth and development of each participant throughout these experiences, highlighting the invaluable lessons learned beyond the classroom. I extend my heartfelt congratulations to all the students for their achievements and thank the dedicated staff and volunteers for their unwavering support in ensuring the success of these expeditions.”
